SCEPTRE POWER will Exhibit at Del Mar Electronics and Design Show on May 3rd – 4th, 2017

Placentia, California USA. March 16, 2017 – SCEPTRE POWER announces that the company will exhibit at the Del Mar Electronics and Design Show (DMEDS) on May 3rd – 4th in Del Mar Fairgrounds, San Diego California at Booth #705. SCEPTRE POWER has been exhibiting at every DMEDS show since 2007. The company will display AC/DC switching desktop power supplies, interchangeable & fixed prong wall plugs, battery chargers and LED drivers from 10W to 800W with safety certification for ITE (UL60950), A/V (UL60065) and Medical (60601-3).

DMEDS Show is the design and manufacturing show for the electronics, medical and biotech Industries for Southern California. Being strategically located in the hub of those industries, the DMEDS show has attracted many electronics, medical, biotech, entertainment and telecom professionals in this region. During the two day show, there will be more than 1000 exhibitors and 4000 industry professionals attending. Both admission and parking are free to attendees.

For more information regarding the DMEDS show, please visit <http://www.mfgshow.com>, or contact Golden Pacific Electronics, Inc./SCEPTRE POWER, 560 South Melrose Street, Placentia CA 92870 USA, Tel: (714) 993-6970, Fax: (714) 993-6023, Email: sales@gpelectronics.com, Website: www.gpelectronics.com, or www.sceptrepower.com.
