

## **SCEPTRE POWER is giving away 500 Sets of 6W & 10W USB Chargers**

Dear Valued Customer:

Between now and November 30, 2014, Sceptre Power is giving away 6W and 10W USB chargers (see picture below), one set per customer, for any new inquiry over \$1,000.00.

Do you have any **NEW PROJECT** that requires power supplies: Desktop Power Supplies, Interchangeable Power Supplies, Open Frame Power Supplies, Battery Chargers, Linear / Unregulated Power Supplies, Medical Power Supplies & LED Drivers?

Please send in your inquiry between now and November 30, 2014. We will send you a set of 6W & 10W USB Power Supplies with 4 AC plugs: US, UK, Europe & Australia (\$30 value). Please allow 4- 6 weeks delivery time. As quantity is limited, please send in your inquiries early.

Our 6W (5V, 1.2A) USB power supply is fast-charging, small and compact in size (1.97 x 1.39 x 0.8 in). Users can carry it on-the-go to supply power to a wide range of devices from personal smart phones to digital cameras. The 10W (5VDC, 2A) USB power supply with global AC plugs is ideal for charging iPads and tablets for avid world travelers. The products are built in high-quality and certified to UL safety standard. Additional units are available at \$15.00 per set (50% off of our regular price) and individual buy is \$5.00 for the 6W unit and \$10.00 for the 10W with 4 global plugs.

In your inquiry, please provide basic specification, application, quantity, time and target price.
